To Whom It May Concern:

The Certificate of Correction issued on January 22, 2008, issued in error, in that error(s) was made in identifying the patent number and/or keying text/corrections, i.e.:

In the issued certificate of correction, the corrections are labeled incorrectly. The text to be amended at Section 11, column 1, Claim 1 line 1, line 1 should be referred to as --Column 11,(claim 1) line 10-- in the printed patent. The 1050 form was submitted in claim number and line number format which was improper. The corrections are being converted into Column and line format of the printed patent. A superseding cofc will be issued to correct this error.

Therefore, a certificate of correction will be issued to correct (supersede) the Certificate of Correction containing error(s), made during preparation of the Certificate of Correction, as noted above.

No further response is required, from applicants (attorney). However, errors discovered by attorney, other than as noted and described above, should be noted on a *copy* of the Certificate of Correction that was issued in error, accompanied by a signed transmittal letter and submitted directed to this Branch.
